TRAININGS

PHP
GIET UNIVERSITY, GUNUPUR, Gunupur
Feb 2020 - Aug 2020

In this Training, provided by GIET University, Gunupur we were taught the basics of PHP and MySQL. The training was to improve our knowledge base and to explore our interests. At the end of the project I had submitted a project on "ONLINE LIBRAR Y MANAGEMENT SYSTEM".
My project keeps the record of the number of books issued and the number of users using the facilities of library.
The admin needs to update the books library and the registered users can view it.
I have created this project using PHP, MySQL, HTML and CSS.
